SDNB VAISHNAV COLLEGE FOR  
WOMEN, CHROMPET

**HSC • MARCH 2019**  
SRI AHOBILA MATH ORIENTAL  
SCHOOL, MAMBALAM

## SOFT SKILLS

- Problem-Solving & Analytical Thinking
- Adaptability & Continuous Learning
- Effective Communication
- Collaboration & Teamwork
- Creativity & Innovation
- Attention to Detail

## PROFILE

Experienced Accounts Payable (P2P) associate with 2 years in financial operations, specializing in AP transactions, vendor management, and process optimization. Proficient in 3-way matching, invoice processing, and ensuring accurate financial documentation.

Currently transitioning to a developer role with training in HTML, CSS, JavaScript, and backend frameworks. Passionate about leveraging financial expertise and technical skills to deliver innovative solutions, streamline processes, and enhance operational efficiency.

## EXPERIENCE

**P2P-ACCOUNTS PAYABLE • MARCH 2023 - PRESENT**

**Accenture solutions private ltd, Chennai**

Processed high-volume AP transactions with accuracy, including 3-way invoice matching, and specialized in handling PO and non-PO invoices. Evaluated vendors based on cost, quality, and reliability, while maintaining strong relationships to resolve issues promptly. Assessed vendor performance through key metrics and implemented a centralized ticketing platform to streamline P2P inquiries, improving visibility and tracking.

## CERTIFICATIONS

**FULL STACK DEVELOPER • JULY 2023 – PRESENT**

**GUVI**

This certification validates my skills in both front-end and back-end development, including proficiency in HTML, CSS, JavaScript, SQL, and MongoDB. It enhances my resume by demonstrating my technical expertise and commitment to professional growth. This credential supports career advancement and job transitions by highlighting my readiness for real-world development projects. It is an asset for optimizing my resume for my career growth.

## TECHNICAL SKILLS

### Frontend Development:

Proficient in HTML5, CSS3, and JavaScript for building responsive, user-friendly interfaces.

Knowledge of responsive design principles and frameworks like Bootstrap and Tailwind CSS.

### Backend Development:

Experience with MongoDB for database management and CRUD operations.

### Version Control:

Proficient in using Git for version control and collaboration through platforms like GitHub.

### Deployment:

Experience deploying applications on platforms like Netlify.

### Problem Solving & Work Ethic:

Strong debugging and problem-solving abilities for troubleshooting front-end and back-end issues.

## PROJECTS

### Responsive personal portfolio:

**I completed this portfolio project independently through self-learning to showcase my skills in HTML and CSS.**

**March 2025**

- Developed a fully responsive website using HTML and CSS to display my projects and skills effectively.
- Designed a mobile-friendly layout, ensuring seamless user experience on both desktop and mobile platforms.
- Enhanced cross-browser compatibility to ensure consistent performance across Chrome, Firefox, and Safari.
- Achieved a 20% improvement in page load speed by optimizing styles and compressing images.
- Implemented an intuitive navigation system to improve user accessibility and interaction.

### FeastFinder – Restaurant Discovery & Booking Platform

**October 2024 – November 2024**

- Developed a full-stack web application using React.js, Node.js, Express.js, and MongoDB.
- Implemented restaurant search, reservations, and review features.
- Built user authentication and admin features for managing bookings and reviews.
- Designed RESTful APIs for seamless frontend-backend communication.
- Deployed frontend on Vercel and backend on Render.
